

Smartsheet is seeking a full-time UI/UX designer. Candidates must be creative, tech-savvy, innovative, and motivated. In this position, you will be responsible for creating UI/UX enhancements and new capabilities to support the Smartsheet application (Browser and Mobile). Additionally, you will execute on marketing and advertising initiatives, including website production, to promote the app. You'll work closely with fellow designers, developers, product management, and marketing teams. Smartsheet is a highly collaborative, fast-paced work environment. We're looking for individuals who can hit the ground running and make an immediate positive impact. This position is based at our headquarters in Bellevue, WA.

Job responsibilities include:

- Create well thought out UI designs based on wireframes, written, and/or verbal descriptions
- Create on-brand designs for marketing campaigns, ads, and other marketing initiatives.
- Create UX concept wireframe mock-ups.
- Create UI design comps for applications

Requirements:

- Strong messaging skills—the ability to craft words, graphics, interfaces, and workflows to tell a great story, communicate an idea, and create a visceral experience for users.
- 3-5 years professional design experience
- Strong portfolio examples of UI/UX and Marketing design
- Excellent written communication skills
- Dependable, proactive, and responsible
- Exceptional attention to detail
- Required proficiency with Adobe Fireworks, Illustrator and Photoshop
- Desired experience includes HTML, CSS, Javascript, JQuery, PHP and Drupal
