Smartsheet is the best way to plan, capture, manage, automate, and report on work, enabling teams to move from idea to impact — fast. With over 15 secure integrations, and hassle-free single sign-on, you can manage all of your work easily with Smartsheet and Google.

Smartsheet + Google

"We saw [G Suite] as an opportunity to improve efficiency and collaboration across teams. The two [Smartsheet and Google] work in tandem very well and together were exactly what we needed to achieve our digital transformation."

Melissa Pateritsas, Manager, Information Technology Project Management, Shaw Industries

Work in Context: Stop switching between apps with Smartsheet and G Suite integrations. Attach files from Google Drive, and keep information from Gmail and Hangouts Chat in the context of your team's collaborative work

Increase Your ROI: Get more value from your apps when they work together. By connecting Smartsheet to G Suite apps with easy point and click integrations, each becomes more powerful and useful to your teams than they are on their own.

Break Down Barriers: Combine Smartsheet with the G Suite productivity tools you use everyday for a seamless experience. Reduce barriers to productivity through real-time, contextual communications, insight and visibility into work, and secure movement of data.
