Template Set Getting Started Guide

Set Up

Using a workspace is a best practice when building a collaborative process. Workspaces allow you to centralize your work and control sharing with different stakeholders.

Step 1:
Create a New Workspace

Open Home. From the home menu, click the Create button in the upper right hand corner. From the drop-down menu, select Workspace. Name the workspace.

Learn more:
Workspaces Overview, Workspace Sharing, Home Tab

Step 2:
Drag the Files into Workspace

Select the template set folder under your Sheets folder. Drag and drop the folder down to the workspace you just created.

Step 3: 
**Setup the Expense Tracker for Employee Sheet**

Managers and the finance team can use the Expense Tracker for Employee sheets to track, approve, and manage an employee’s business expenses. There are three identical sheets in the set.

A. Enter the *employee’s name* in row one of the *Description* column.

B. Use the *Manager* column to select the employee’s manager from your contact list. Click the *column dropdown menu* and click *Edit Column Properties* and check the *Restrict to list values only* box to ensure your employee can only select from a predefined list.

C. Enter the cost for expenses in the *Amount* column. There is a formula in row one that automatically adds up the numbers entered in the Amount column.

D. Make more copies of the sheet for other employees by clicking on *File* and clicking *Save as New* from the dropdown menu.

Step 4: Sheet Bonus: View or Edit Your Project Summary Data

For those with a Business or Enterprise plan, this template set utilizes the sheet summary feature. All your Expense Tracker for Employee sheets include a pre-populated sheet summary that provides a standard, robust way to organize and report on project information in your sheet. Here you can see employee and manager information, along with a quick recap of expense total by category. Open the sheet summary on the right panel to view or edit your project summary fields. You can use formulas and reference another summary fields.

A. Click the sheet summary icon to expand the sheet summary. You can expand and collapse the right panel to stay in the context of your sheet or maximize your sheet real estate when you don’t need to view it.

B. To add fields, click +New Field.

C. Name your field and select the field type: Text/Number, Contact list, Date, Dropdown list, Checkbox, or Symbols.

D. To edit the field properties, hover over the right side of the field and click on the vertical ellipsis (⋯) to open the field options dropdown menu.

Define Your Work with Sheet Summary, Maximize Your Sheet Summary Usage, Create a Portfolio View with a Summary Report
Step 5: 
**Edit the Expense Report Form**

The Expense Report Form is how employees submit their business expenses for reimbursement. Submissions are then added to the Employee’s Expense Tracker sheet where managers can track and approve expenses.

A. Open the Expense Tracker for Employee sheet and click on Forms in the top menu to customize the submission form.

B. Click on Manage Forms and then Edit to customize the existing fields. You can add or remove fields, change field titles or descriptions, and modify Form Options.

C. Mark fields as required that you want to ensure employees complete.

D. Set your form to be filled out only by a registered Smartsheet user to ensure that the Requestor column is automatically populated.

E. Click Save to close the form builder and copy and save the URL displayed. Email the URL for the form to the employee so they can easily submit expenses to the Expense Tracker sheet from their mobile device or desktop browser.

Step 6:
Modify Expense Approval Workflows

Automated workflows are an easy way to save time spent on manual, repetitive processes. Use the automated workflows that have been set up in the Employee Expense Tracker sheets to expedite approvals of new expenses and notify the employee when a decision has been made regarding their request. Use the Employee and Manager columns to determine who receives requests and alerts.

A. The Expense Approval Workflow is triggered when a row is added or changed and the Manager Approval column is set to ‘Submit for Approval’, an approval request is sent to the manager listed in the Manager column right away. The Manager Approval column will automatically change to ‘Submitted’ when the request has been sent.

B. If the manager approves the expense, the employee will be notified. At this stage, you can also send an alert or update request to your accounting team so they can begin the reimbursement process.

C. If the manager declines the expense, the employee will be sent an update request to make changes to their expense request. When the changes are made and it is ready for the manager’s review again, change the Manager Approval column to ‘Submit for Approval’ to run the workflow again.

D. The Expense Request Reimbursed workflow is another workflow that lets the employee know when the expense has been reimbursed.

E. To view or edit the workflows, click on Automation and select Manage Workflows in the dropdown menu.

F. Then, select Edit from the workflow drop-down or double-click on the workflow to edit its criteria.

Step 7: **Set the Recurring Reminder**

An automated recurring reminder is a great way to save time and keep track of deadlines. The Monthly Expense Deadline Reminder will notify the employee listed in the workflow every month on the last Monday to automatically remind employees to submit their expenses for the month. Note if you set up recurring reminders for other people, be thoughtful about how often you send the alert.

A. Modify the reminder by going to *Automation* and selecting *Manage Workflows* in the dropdown menu. Then double-click on the Monthly Expense Deadline Reminder workflow in order to open the workflow editor window.

B. Customize the workflow’s schedule (trigger box) by clicking on the dropdown that begins with *Every month on the Last Monday starting on* and select or choose Custom to create your own recurrence schedule.

C. Customize the workflow conditions (condition boxes) to add criteria and then click *Save*.

Step 8:
Use Conditional Formatting to Set Rules

Conditional Formatting allows you to set rules on your sheet that will change the formatting of your sheet when certain criteria are met. The Expense Tracker has conditional formatting set on the Manager Approval column, so that when the status is changed to Approved by the manager, the cell will turn green.

A. Click the Conditional Formatting button on the toolbar to open the Conditional Formatting window.

B. Select the criteria you would like to edit and click OK to save.

Learn more:
Apply Formatting Automatically with Conditional Formatting Rules

Step 9:
Use the Reimbursement Report

The Reimbursement Report allows the finance team to manage all of the approved expenses from all employees. The Finance Team can update information directly on the report and it will automatically populate back to the appropriate Expense Tracker sheet.

A. Open the report, click on the Report Builder and click the Run button to pull rows meeting your criteria.

B. Once an expense has been reimbursed, check the box in the Reimbursed column on the report. The checkbox will automatically update the corresponding Expense Tracker sheet and also trigger the notification to that employee.

C. Update the Report Builder to add additional filters to the report.
