ENGAGE 2019

Certain information set forth in this presentation may be “forward-looking information.” Except for statements of historical fact, information contained herein may constitute forward-looking statements. Forward-looking statements are not guarantees of future performance and undue reliance should not be placed on them. Such forward-looking statements necessarily involve known and unknown risks and uncertainties, many of which are and will be described in Smartsheet’s filings with the US Securities and Exchange Commission, and these risks and uncertainties may cause actual performance and financial results in future periods to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Although forward-looking statements contained herein are based upon what Smartsheet management believes are reasonable assumptions, there can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Smartsheet undertakes no obligation to update forward-looking statements except as required by law.

Smartsheet is a registered trademark of Smartsheet Inc. The names and logos of actual companies and products used in this presentation are the trademarks of their respective owners and no endorsement or affiliation is implied by their use.

ENGAGE 2019

Melissa Hopelain

Product Marketing
Smartsheet

Joel Weusthoff, JD

Managing Director
Robert Half Legal Consulting Solutions

What is an Accelerator?

Accelerators: purpose-built solutions

Premium Smartsheet capabilities

These solutions can include any premium capabilities, and inherently include all core capabilities.

Vetted & established industry SME best practices

Conducted thorough research to have an opinion on how the problem should be solved.

Specific, high-value business problem

Specific buyer, or person responsible for the organizational challenge, in mind.

Smartsheet for GDPR architecture

The Accelerator for GDPR integrates data from each of the four modules within the solution through connected forms, sheets, dashboards, workflows, etc to establish initial compliance, ongoing compliance, and proof of compliance with the GDPR.

4. Regulatory reporting

Stay up to date on GDPR compliance gaps with real-time compliance reports and regulatory requests

3. Data subject requests

Stay on top of requests from data subjects or data controllers

1. Data inventory processing

Data elements are gathered to better understand the organizations GDPR footprint.

2. Managing compliance

Identify technical and organizational controls to effectively manage GDPR compliance
