Smartsheet Accelerator for IT PMO

The Smartsheet Accelerator for IT PMO is an advanced, pre-configured solution that leverages proven best practices to empower IT teams to consistently and confidently manage their

work. IT teams of all sizes can easily manage their demand management, capacity planning, project management, change management, and portfolio reporting from a single system.

Secure:
Empower teams to work dynamically and with confidence, while having the visibility to monitor governance and security.

Scalable:
Manage a portfolio of work, programmatically, from a single solution and deliver against your initiatives.

Unified:
Drive greater organizational alignment and more efficient processes to enable IT teams to work on what matters most.

User-driven:
IT teams can confidently work on the initiatives with an intuitive, pre-configured solution that drives their business forward.

Adaptable:
Evolve process, portfolio, and projects as your organization shifts due to the dynamic nature of work.

Collaborative:
Utilize a single platform so everyone can understand how the IT team manages projects and their portfolio of work.

smartsheet

The Smartsheet Accelerator for IT PMO quickly empowers IT teams and stakeholders to confidently and effectively manage their portfolio of work, ensuring that it aligns to organizations objectives.

Advanced Smartsheet functionality
Utilize core Smartsheet functionality like sheets, reports, and dashboards, with the added benefits of project, portfolio, and process management.

Demand management
Easily gather, prioritize, and budget for requests while obtaining the necessary approvals.

Capacity planning
Find and schedule the most effective project team, resolve staffing conflicts in real time, and forecast hiring needs.

Project management
Empower your team to achieve the best project results through clear planning, organization, and execution.

Change management
Get approval of changes and easily implement repeatable process and project improvements.

Portfolio reporting
Give leadership and stakeholders a holistic view into all work that's in-flight to ensure better decision-making and overall alignment.

Real world experience and success
Embrace processes that are grounded in the experience and expertise of our professional services teams, industry experts, and customers.

Operational excellence
Enable your department and its functional teams to run smoothly with proven methodologies.

Time savings
Get up and running quickly with a pre-configured solution that solves specific IT PMO business challenges.

Training and services
Work with our professional services team to tweak your solution to ensure that you're set up for success.

The Smartsheet Accelerator for IT PMO is a premium solution available for an additional fee to customers with Business, Enterprise, or Premier plans.
